WORK EXPERIENCE

Junior Developer

BTHIRTEEN   2017-2019

I have gained a lot of experience working with the BTHIRTEEN team within 2 years. We worked on web development and Android development.

Youtuber

CRAFT GEEK / WOW KIDZ ZONE   2019-2020

I have about 2 years of experience working on YouTube.
I made craft-related videos on a channel. And on another channel, I would write the story of a 2D cartoon and give a voice.

Product Designer

SOFTX LTD   2021-sep

I got the opportunity to work in this organization for 1 month. This month has been a wonderful experience with my boss. I have learned a lot of new things about product design (UX, UI).

Web Development

SELF (INTERNET)   From - Until

I started learning web design when I was in 9th grade. After gaining some experience in web design I started learning development, then I got acquainted with PHP. I like to code in PHP.
I have created many sites according to trending with PHP. I have also done some client work. But I like to do custom development with PHP.
I have also tried PHP's CMS WordPress but Didn't like it that much. I made blog writing admin like WordPress, I also made Drug and Drop Design-Builder like WordPress Web Builder.
Now I'm Learning the PHP framework Laravel. I also made a PHP template engine like Laravel blade.
